March 30, 2018

Dear Staff, Students and Parents,

We have experienced quite a few snow days this year, nine in all. By State Law, students in grades K-11 are required to attend 175 days and seniors, 170. In order to avoid rescheduling end of the year activities like graduation, and to end school on a reasonable date, the plan is to make up two of the days by adding an hour to the school day on the week before and the week after April break. That is April 9-13 and April 23-27. On those days, all schools will dismiss one hour later than their usual time. This plan is approved by the Commissioner of Education.

We understand that this may be a bit of a change in the usual schedule, but will allow us to meet the educational requirements for the length of the school year, while not drastically changing all those events which celebrate the achievements of our students.

Sincerely,

John C. McDonald
Superintendent
