September 11, 2019

To Members of our RSU 13 and Cushing School Community:

I am pleased to announce that the water at Cushing Community School has passed the latest series of water quality tests from five sampling locations within the building. The water has been certified as meeting or surpassing all EPA and State Standards. We will continue to test the water on a regularly scheduled basis.

The health and safety of our students, staff and community members is always top priority for RSU 13. I would like to thank the community for your patience and understanding while we worked to resolve the water quality issue.

Sincerely,

John C. McDonald
Superintendent of Schools
